Hours of Operation

Store hours are **Monday-Friday** from 8:30am to 6:00pm and Saturday's from 10:00am to 4:00pm (CST). We are closed on Sunday's.

Order Due-Times: "In by 3, Out by 12"

Below is a general schedule of days required per product type:

Product Type	Due-Time
Prints (1 Paper Type)	1 Day
Finishing Services	1 Day
Canvas & Fine Art Products	2 Days
Gallery Wrapped Canvas Products	4 Days
Specialty Products	3 Days
Laser Cut Products	4 Days
Digital Press Products	3 Days
Retouching Services	3-5 Days
Design Services	3-5 Days (approx.)

Products requiring **1-Day** and received before **3:00pm** (CST) will be ready by **12:00 noon** (CST) the next day, **Monday thru Friday**. If ordering multiple paper types in one order, add an additional day per paper type. If ordering a mounted print, the total time needed is 2-Days.

No order will exceed 5 days unless you are specifically notified by the lab.

Our lab maintains extra equipment so that we can meet every order's due-time, even during the busiest of seasons. Typically, the only reason for a delay on an order would be due to technical issues associated with that order. If a technical issue should occur with an order, you will be notified by the lab and extra time will be added to the order until the issue is resolved.

Rush Services

Most of our online systems give you the option to add a "VIP Rush" for an additional \$4.95 plus 10% of the order cost. When adding a "VIP Rush" to your order, please specify a preferred due date and time. If we cannot meet your request, a customer service representative will contact you.

Percentage-based Rush Fees may apply to Over-the-Counter and Saturday orders, or on 2-Day or longer orders needed sooner than standard turn-around time.

Monitor Match Guarantee™

Digital Pro Lab is a fully color-managed environment where all systems are calibrated and utilize ICC color profiles when printing. All Products within this Pricing Catalog are printed to an industry "standard" of color and guaranteed to match your properly calibrated monitor, or we will redo the order at no charge or refund the order.

Order Changes and Cancellations

Many orders are started within minutes of being received. If you need to make a change or cancel an order, please call our customer service staff as soon as possible. Once we have begun an order, it may be past the point of changing or cancelling.

Some orders may need to be resubmitted by the customer to preserve order accuracy. If we are able to make changes to existing orders, more time may be required to fulfill the order.

Automatic Quantity Discounts (AQD)

Most of the prints and products offered at Digital Pro Lab have tiered pricing, as you will see throughout this catalog. We have established this pricing structure so that our customers receive the best value for quantity (same size/same image) orders.

How does AQD Pricing work?

If you order 1 print from one image, you will pay the quantity 1 rate. If you are ordering more than 10 prints of the same size and the same image, the cost per print will go down.

Order Option Information

Our DPL “Monitor Match” Products are printed to an industry standard of color and contain some of our lowest pricing available to our customers. These products are **intended for customers who edit and adjust their own images on calibrated monitors** using software like Adobe Photoshop, Adobe Lightroom and Apple Aperture. Our “Monitor Match” Products come with our Monitor Match Guarantee™ and require a lab signup process that involves sending test images to the lab in order to evaluate your current monitor calibration.

What are the benefits of ordering “Monitor Match“ Products and Services?

- Monitor Match Guarantee™
- Automatic Quantity Discounts (AQD) Applied
- \$6.00 Minimum Order Required
- Press Products Sold in Set Quantity Packs
- Lab Signup Required
- Online Ordering Only
- Lowest Prices on Prints and Products
- Most Prints, Products and Services Available
- Consistent Color

Monitor Match Ordering Methods

We offer a variety of Ordering Methods for you to choose from, giving you access to hundreds of prints, products and services available at Digital Pro Lab. All “Monitor Match” Prints and Products are available through one of the following online ordering methods. Sign up with our lab today for access at www.digitalprolab.com.

DPL ROES Monitor Match

With over 400 products to choose from, DPL ROES Monitor Match allows you to easily navigate through different catalogs of prints and products so that you find exactly what you are looking for. Crop, rotate and add vignettes to images within the software before you send them to the lab. **Sign up today** to receive access to our Monitor Match software and start ordering online directly from your home or studio computer.

Online Ordering | Mac & Windows Compatible | Online Tutorials Available | sRGB or AdobeRGB JPGs Only

Darkroom

Our Darkroom software is the most full-featured ordering method available. Within this software you can edit and enhance photos, create package groups, manage and archive images, and apply borders and graphic overlays. Software starts at **\$99** and requires a lab sign-up, software installation and training. Please call the lab for more information on this ordering method.

Online Ordering | Windows Compatible Only | Online Tutorials Available | sRGB or AdobeRGB JPGs Only

**Photographic Prints will only be printed from sRGB and AdobeRGB JPGs.*

Shipping Your Order to You

When your order is shipped directly back to you, we will include an invoice in the package. Your order will arrive in lab-branded packaging with our return address.

We require that your order be paid before shipping. We can call for a credit card number or you can send us a check. We will ship the order after the check has been received. Alternatively, we give you the option to keep a credit card on file with the lab for the shipment of your orders.

Drop Shipping to Your Client

When we “Drop Ship” or “Ship to Alternate Address”, the orders leave the lab in un-branded packaging and do not include any billing information. The order will have your return address on the package, so if there is an address issue, the order will end up at your location.

Shipped Orders Damaged or Lost

If you should receive an order that was damaged during shipping, please notify customer service immediately so we can re-process and re-ship the order. If the order was time sensitive, please let us know so we can upgrade the shipping and try to meet your deadline.

All orders that ship from Digital Pro Lab can be tracked by logging in to your online account and clicking on the tracking links to see your orders’ shipping details and status.

If you believe an order has been lost, sent to the wrong address or is taking an unreasonable amount of time based on the ordered shipping method, please notify customer service immediately so we can investigate the status of your order.

Shipping to Us

You can ship film or other materials directly to us for processing. Please include your contact information (phone number and return address). You should also send detailed instructions regarding what you would like done with your materials (i.e., print size, paper surface, etc.).

Please ship to:

Digital Pro Lab
10103 San Pedro Avenue
San Antonio, TX 78216-3832

Shipping Rates

We can ship by either the **United States Postal Service (USPS)** or **UPS**. Pricing is based on weight and will be added to your order total. We take every precaution to maintain the quality of products shipped. If you have any questions about the shipping rates below or how your order is packaged, please contact our shipping department at shipping@digitalprolab.com.

Prices below are displayed based on your order total before taxes.

Pro Lustre/Gloss Prints

Kodak Professional Endura papers deliver an enhanced look of brighter colors while maintaining accurate flesh tones. We offer both Pro Lustre and Pro Gloss papers for you to choose from. With an extended print life, digital/optical exposure capability and improved processing characteristics, pros and serious amateurs alike will love the look of their images on either of these papers!

Additional sizes are available. Please contact the lab for pricing.

Metallic Prints

Kodak Professional Endura Metallic paper gives your prints a luscious, glossy liquid look with unbeatable depth and sparkle. What's the difference between a Metallic Print and a Gloss Print? Well, the white point (or base) of the paper has a silvery look, as opposed to the white base of the Gloss paper. When you combine this silver base with photos of metal, vibrant colors, or even rich skin tones, you get images that look almost 3-Dimensional. With the right image, the results are amazing!

Additional sizes available. Please contact the lab for pricing.

10x13	Lustre	Jumbo	\$3.95

Canvas & Fine Art Prints

Utilizing a giclée process, Canvas and Fine Art prints are printed on high-resolution large format injet printers with premium quality archival inks. Pigment based inks ensure that prints last approximately 80 years without fading.

Canvas prints are sprayed with our protective UV top coat, ensuring optimum print protection. Standard 1/2" Stretcher Framing is available at an additional cost.

Fine Art prints are available in either Photo Rag (semi-smooth), German Etching (textured) or Torchon (parchment paper texture) paper options. Deckled edging is available at an additional cost.

From Left to Right: Canvas Print with 1/2" Stretcher Frame; Canvas Print; Fine Art Print (printed full-bleed); Deckled Edged Fine Art Print with image floated.

Gallery Wrapped Canvas Prints

Gallery Wrapped Canvases are designed to be displayed without frames for a sleek contemporary finish. Your canvas will be sprayed with our protective UV top coat, then skillfully mounted on substantial 1½” or 2½” stretcher bars, with the image wrapping around the sides. The end result is a stunning display from any viewing angle.

In addition to our standard sizes, we can also accommodate custom sizes. Call the lab for pricing.

Photo Noggin

Close-up on plexi easy-grip handle

Photo Noggins

Our Photo Noggins are a popular way to show support for your favorite players! Printed on our Pro Lustre paper and mounted on white foam core, this product is light and comfortable to hold with our easy-grip handle. Photo Noggins come in two different variations: **Custom Cut** or **Oval Cut**.

Our *Custom Cut* Photo Noggins are laser-cut to the shape of the head for a clean and professional finish and take 4 days. Our *Oval Cut* Photo Noggins come in a standard oval shape and take only 2 days to complete.

Product	Price
Photo Noggin (Custom Cut) Most Popular!	\$29.95
Photo Noggin (Oval Cut)	\$21.95

Calendars

Looking for a traditional 12-month calendar? Look no further! Saddle-stitched and printed on our magazine-style silk paper, or spiral-bound on our heavy gloss paper, the 8.5x11 Calendar provides style and functionality.

Calendars are ready in 2 to 3 business days. If you would like a custom calendar designed, contact our design department for a quote.

Double-Sided Die-Cut Wallets

Double-Sided Die-Cut Wallet prints are press-printed wallets with rounded corners and are printed double-sided. Automatic Quantity Discounts are available, you can choose between **Gloss, Linen** or **Pearl** paper, and *each set of 48* comes in a black wallet box.

In order to get the rounded corners, you lose about 1/8" all the way around the image when the wallets are cut. It's really important to keep important elements in the photo away from the edges.

Product	Paper Type	1	2 to 3	4 to 9	10 to 19	20 to 39	40 to 79	80 to 159

Flushmount Album

Leather Craftsmen 3500 Euro

Digital Pro Lab has partnered with Leather Craftsmen to bring you one of the highest quality Flushmount Albums on the market.

The 3500 Euro Flushmount Album is handcrafted with Genuine Leather and thick black pages. Prints are expertly mounted by hand, sprayed with a protective UV coating and cut flush for a clean and finished edge.

Choose between our standard Euro Black, Brown, Wine or Ivory color options. Additional colors available upon request.

Add a Front Cover Inset and Imprint to customize the outside look of your album.

Flushmount Albums take approximately 5 weeks to produce.

Prints are not included in the album rates below. Please see our Print pricing for additional print cost (add to book price for total album cost).

Photo Retouching

It's true. Supermodels don't actually look flawless and perfect in real life. But with all of the recent advancements in digital imaging, why not get rid of a blemish here and a wrinkle there?! Our skilled photo retouching artists have extensive experience with all types of digital enhancements and are ready to help you look your best!

We have general pricing starting at just \$5 for a number of retouching options. However each image is unique, so contact us for a quote on your specific project.

Retouch Service	Price
Minor Blemish Removal	\$5.00
Facial Smoothing	\$25.00
Teeth Whitening (Per Person)	\$5.00
Red Eye Removal (Per Person)	\$5.00
Minor Dust Removal	\$5.00
Minor Scratch Removal	\$5.00

Photo Restoration

We offer expert Photo Retouching services so that your old photos will have new life and longevity. From color-correcting faded photos to digitally repairing tears and scratches, our trained Photo Retouching and Restoration specialists are here to help.

Pricing is determined by the amount of time required to complete the project. As all Photo Restorations are different and require different amounts of time to perfect, we ask that you bring in your photo so that we can give you an accurate quote.

We can either print your retouched image on one of our Professional Kodak Papers and/or burn it to a Disc so you can print reprints or enlargements later.

Want someone taken out or added to a photo? We can do that too!

Retouch Service	Price
15 Min. Restoration	\$12.50
30 Min. Restoration	\$25.00
Hourly Restoration Rate	\$50.00

We can print monotone photos in either Sepia or B&W. Faded color images can be restored for color if the quality and condition of the original allows.

After

Image Recovery Services

Have you accidentally deleted an image, experienced a card corruption, or had camera batteries fail while saving a picture? Digital Pro Lab, as a Lexar Authorized Image Recovery Service specialist, provides reliable image recovery of the most popular file types, including JPEG, TIFF, RAW, MP4, AVI, and more. We can recover files from any type of memory card—helping you save your valuable photos and videos, giving you added peace of mind knowing your memories are not lost.

Bring in your memory card today and let us recover your most precious memories. Once the Image Recovery has been performed, we will burn your recovered files to DVD.

Although there is a good chance we will be able to recover your lost files, image recovery is not 100% guaranteed. If we are not able to recover your images, we will not charge you one cent!

Service	1st 4G Transferred	Per Add'l 4G
Image Recovery	\$39.95	\$8.95

Monitor Calibration

Want to have your monitor calibrated? We offer Monitor Calibration for our customers who would prefer to do their own color corrections and image editing, giving you the control that you want over the look of your images.

All of the printers at Digital Pro Lab are calibrated to an industry standard of color using ICC Profiles. We offer a Monitor Match Guarantee™ to all of our customers that are working on a Calibrated Monitor. If your prints don't match your screen, then we'll reprint your order at no charge or give you your money back!

The turn-around time to have your monitor calibrated is Same-Day. Bring your computer in before 10am and it will be ready at 5pm on the same day. Monitor Calibrations are done by appointment only.

If you have a Photography Studio, we offer In-Studio Monitor Calibrations to qualified customers. To have one of our color management specialists go out to your studio and perform an In-Studio Monitor Calibration, your studio must have a store-front and be located in San Antonio, inside Loop 1604.

All customers that are working on a Color-Calibrated Monitor are eligible to order through any of our "Monitor Match" Print ordering softwares (DPL ROES Monitor Match). If you would prefer to have the lab edit your images for color, density, brightness and contrast, then "Monitor Match" Printing is the best option for you. Please visit our website for more about Online Ordering.

Service	Price
Monitor Calibration	\$99.95
Monitor Re-Calibration	\$49.95
In-Studio Monitor Calibration (Existing Customers Only)	FREE

If I'm having my monitor calibrated, what do I need to bring?

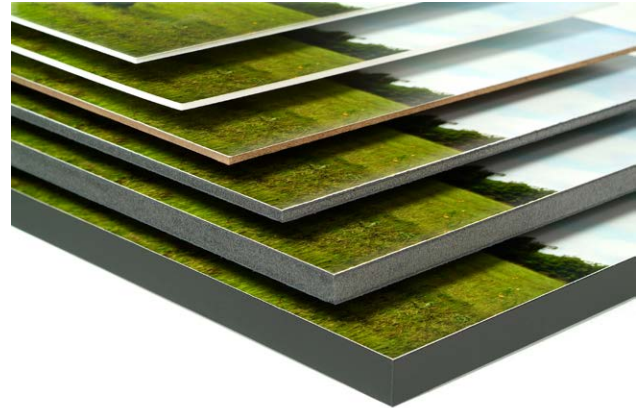

You will need to bring in your monitor, computer, 2 power cables and monitor-to-computer connection cord (VGA, DVI, Mini DVI, etc.), as well as your operating system's username and password.

Mounting Options

While many people just need prints, we offer a variety of mounting options as well. If you are framing a print, you don't want those prints to slip or buckle. Mounting them on Artboard, Styrene or Masonite is the way to go. Our 3/16 and 1/2 inch black and white Gator Foam mounts are a great way to display your prints if you are not framing them. But we recommend upgrading to our Standout Mount. It has a finished black edge and holes on the back, giving your print a contemporary look that is ready to hang.

From top down: 2mm Styrene, Artboard, 1/8" Masonite, 3/16" Black Gator Foam, 1/2" Black Gator Foam and 3/4" Standout Mount (black). **NOTE:** 3/16" and 1/2" White Gator Foam is available, but not pictured.

Imprinting

Whether you want to have a photograph or an album imprinted, you can choose between our gold, silver or black imprint color options. We also offer two font choices: Goudy (block) and Mayfair (script).

Our custom Graduation Cap imprint is very popular with seniors and makes a great addition to our iMount Folio product!

Imprint	Price
Custom 1 Line Imprint (20 Character Max)	\$7.95
Mortar Board Graduation Cap Imprint	\$1.50

Specialty Envelopes (Customizable)

Do you need customizable order envelopes? Our 9x12 Order Envelopes and 8.5x14 Perforated Order Envelopes are completely customizable and can be printed in full color, in 2 to 3 business days. The 9x12 Order Envelope has a sealable tab on the 9" side for secure closure after adhesion. Our 8.5x14 Perforated Order Envelopes come pre-perforated down the center for a one-part flyer, one-part envelope product. Either option is great for collecting payments for any service you might be offering!

Design it yourself or have one of our designers design it for you! If you choose to do your own design, ask for our 8.5x14 Perforated Order Envelope template so that you can design around the perforation and adhesive areas of the envelope.

Product	1 to 9	10 to 24	25 to 49	50 to 99	100 to 249	250 to 499	500 to 9999
